

As a mentor on the ECF programme, you have been given access to view the module content that your ECT will be working through across the first year of the programme. This access is to support your knowledge and continued development and **you are not expected to complete the activities, quizzes or submissions** contained within the modules.

To view the progress of your ECTs through the modules, Select the 'Course Home' button on the blue navigation bar at the top of this page and then select 'Audit Users' this page will then display the ECTs you are working with and you can select their name to view how they are engaging with the module.
