

and challenge

This page will support you in preparing for your upcoming seminar so that you can make the most of your time during the session.

In your upcoming seminar you will explore:

- how to effectively ask questions that support knowledge recall
- how to stretch pupils understanding and challenge their application of knowledge to different contexts

Prior to your seminar, ensure you have completed:

- [Questioning](#)

Important!

During the seminar you will need:

- a pen and paper, or a device for note taking
- an example of when you have used questioning strategies well
- access to the three scenarios to discuss in the seminar

Open the image in a new tab: [Scenarios](#)

- a lesson plan for an upcoming lesson so you can consider the opportunities across the lesson to question pupils and how you can extend their thinking

If your seminars are delivered via Teach First direct delivery you can access the seminar slides here **one week prior** to your seminar.

If your seminars are delivered by one of our delivery partners they will provide access to the seminar slides in line with their delivery schedule.
