

Are you thinking about a career in teaching?

Internship Programme

Our Aim:

To help anyone interested in training to teach to explore how rewarding and challenging a career in teaching can be.

The Programme:

- A three-week programme
- **Paid scheme:** secondary maths, physics, chemistry, modern foreign languages and computing undergraduates (£300p/w)
- **Unpaid scheme:** all other secondary subjects and primary teaching.

As part of the programme, interns will have the opportunity to get involved in all aspects of school life, including the following:

- A bespoke centralised training programme;
- Working closely with a mentor in a placement school to observe and teach lessons;
- The chance to meet with NQTs and SCITT trainees;
- Fast-track interview for a SCITT place with us.

Why take part?

- To gain a true understanding of what a career in teaching involves;
- To receive high quality training from outstanding teachers in outstanding schools;
- To meet other interns in a similar position to you;
- To accelerate your interview process for our SCITT;
- To gain valuable and unique work experience for whatever you go on to do in the future.

Are you thinking about a career in teaching?

Internship Programme

What do we need from our interns?

We need you to be:

- **Enthusiastic** about teaching and working with young people;
- **Highly professional** when working with our schools;
- **Reflective** on your training, observations and teaching experiences; this is a key skill that all teachers need to apply to their practice every day;
- **Inquisitive and interested**; we will encourage you to ask plenty of questions and throw yourself into the life of your placement school.

Yes, I'm interested! What do I do now?
